

# THE MECHANICAL BRAG

Your Association's NEWS & EVENTS....

Volume 10 - March 2021

Greg Crawford, President MCAHN. *"This is an important day for our industry and our employer members. We recognize the vital role that designing, managing, installing and maintaining plumbing systems plays in the health and safety of modern society. It is our responsibility to educate our communities on the importance of clean water as a basic life necessity. Clean water should not be taken for granted, and plumbing should be seen as an essential service in protecting both our health and our planet."* played by Canada's plumbing industry. The World Plumbing Council (WPC) established World Plumbing Day in 2010. The goal is to help the general public better understand the vital role the plumbing industry plays in protecting public health and safety. Plumbing organizations across the country, are raising awareness to the important role
