

## Happy August Members!

Just like that summer is coming to a close, and fall is just around the corner. We hope that you had an enjoyable (somewhat normal) summer! On that note, we'd like to close out the summer with another installment of The Mechanical Brag - filled with safety tips, business opportunities, and a look at what's to come within the organization.

## OCS Photo Contest

Do you have the urge to create? Perhaps you've recently taken some great pictures that the construction industry needs to see? The Ontario Construction Secretariat needs your help in building a valuable repertoire of ICI Construction images in Ontario to be used in future marketing material, research reports, banners, and social media efforts. The Ontario Construction Secretariat is a generous sponsor of our [31% Safer Campaign](#) so we are excited to introduce this contest to our

members. We encourage all members to participate!

Submissions are accepted in one or more of the following categories: **People, Landscape, Projects, Aerial, Women in the Trades**. 5, \$100.00 pre-paid visa gift cards will be awarded to the winner of each of the five categories and will be announced shortly after the contest closing date: September 27, 2021.

Photo credit is guaranteed should an image be selected. More details, technical specifications, and entry information can be found by clicking the button below.

Happy snapping!

## SAFETY CORNER

As students head back to school, it's time to get back to the safety basics with this month's safety corner in conjunction with the IHSA's newest issue of the Health and Safety

Magazine. This month's issue highlights Fall Hazards, IHSA Safety Program information, and continues to offer Hygiene Hazard information. Click on the image to download Volume 21 of the magazine.

Article Highlights:

[\*Interest in IHSA Programs Continue to Grow\*](#)

[\*A Risk Assessment is the Basis for Any Good Health and Safety Program\*](#)

[\*Hygiene Hazards on Construction Sites\*](#)

[\*Top 10 Causes of Workers Falling From Heights in Residential Construction\*](#)

[The IHSA Safety Podcast is now live!](#) If you're looking for something new to listen to on the commute to work, or hanging around the house; we recommend giving this podcast a listen. Each episode features a thought-provoking discussion with industry professionals and influencers to continue providing resources on improving safety standards and best practices.

Podcast episodes can be found on [Spotify](#) and [Apple Podcasts](#) **OR** by clicking or scanning the image below.
